TOWN CRIER - WILMINGTON, MASS. NOVEMBER 23, 1967

PRICE TEN CENTS

LIBRARY - YES SCHOOL - NO

It was four to one for a new library - designed by library architects, in the Special Town Meeting Monday night, and three to one against an expensive school, proposed to be built on Shawsheen Avenue.

It was the third time that the voters of Wilmington had had library plans presented to them for their approval, in Town Meeting, the previous two sets of plans having been too expensive.

The voters turned down the school plans because of expense. One of the voters, Allick Epstein of Roberts Road, in a talk before the Town Meeting specifically mentioned the cost of the architect, and told the Town Meeting 'That's my point!' - a statement that was heavily applauded.

695 voters, at the Special Town Meeting Monday night, voted to erect a \$489,000 Library at the old St Thomas church site, against an expensive elementary school on Shawsheen Ave, for the Shawsheen Regional Technical - Vocational School, and for an amended Dog Leash Law. The meeting started at 8:08 p.m., delayed a little because of the confusion as voters continued to pour into the gymnasium of the High School, and was over at 11:40 p.m.

The voters, many of whom seemed to be enjoying themselves, also voted to rezone two areas of land to 22,500 foot lots, from 10,000 foot lots, and to rezone a piece of land at the corner of Woburn Street and Lowell Street for a proposed motel. Also voted was a new 'junk cars' law, transfer of money for the Welfare Department an article having to do with the easements of land for drainage, another for Federal Funds for surveying for drainage, and the sale of a part of the North Wilmington Parking Lot land to Larz Neilson, publisher of the Town Crier.

Not voted was the proposed rezoning of land between Middlesex Avenue and Concord Street. The article was withdrawn by its proponent.

The first article, to again acquire the property of Old St Thomas Church, was voted unanimously. \$100 was appropriated

from existing accounts for the expense. This time the land is to be taken by Eminent Domain, to quell any possible discussions about ownership.

Article 2, \$185,000 in bonds for the construction of a new library on the old St Thomas site was voted 411 to 98, and after only a short discussion. It was moved by the Chairman of the Board of Library Trustees, Carlos Gubellini. Speaking against the proposal as being too expensive were Frank Enos of Shawsheen Avenue and Felice Vitale of Woburn Street.

The fun didn't really start until Article 3, asking for an appropriation of \$1,492,500 for an elementary school off Shawsheen Avenue.

Atty John Callan, chairman of the Permanent Building Committee moved the article. Mr. Callan, during the discussions, did not once refer to the 10% increase of costs figures, given last week by a professional estimator, but instead used a figure of 5 1/2%. He told the Town Meeting that the school would take eighteen months to construct, and that this would be a building that would be more economical to construct, to maintain, and to administer. He spoke, the first time, for a total of 10 minutes.

The Finance Committee recommended disapproval of the school, due to insufficient information about costs.

The Last Half Mile . .

WEARING THE ARAB HEADDRESS: Promised six months ago to the Town Crier readers, Jerry Rooney passes Grove Avenue on his way home to Marjorie Road, after a three year trip around the world on scooter and bicycle. He traveled 35,000 miles by scooter, 1200 miles by bicycle, and an untold distance by ship, and visited 31 countries. The Scooter is bearing Irish license plates, and on back is his baggage, and trusty guitar, with which he made his living.

Jerry's last account, as The Town Crier's Foreign Correspondent, is due to appear in next week's issue of the Town Crier. The picture was taken at 3 pm Wednesday.

For Sgt Heffron A State of Maine Flag

The State of Maine has been heard from, but no word has yet been received at the Town Crier of an offer to supply Sergeant Edward Heffron of Swain Road with a flag of the Commonwealth of Massachusetts.

His Excellency, Governor Kenneth M. Curtis of Maine, in a letter to the Town Crier dated Nov. 21st, has stated that a flag of the State of Maine is being sent to Sgt. Heffron, in Vietnam.

The letter follows:
Dear Mr. Neilson:
I am pleased to inform you that under today's date I have forwarded a State of Maine Flag to Sergeant

First Class Edward A. Heffron, presently serving in Vietnam.

As Governor of the State of Maine, I consider it an honor and privilege to be able to assist Sergeant Heffron in his request. He certainly has an outstanding record of accomplishments since arriving in Vietnam, and we are proud to have him among the former residents of the State of Maine.

Your interest in this matter is greatly appreciated, and I thank you very much for bringing this to our attention in Maine.

With best regards, Sincerely,
Kenneth M. Curtis
Governor

MORE LANDMARKS GONE: The two elm trees which stood at the corner of Wildwood Street and Middlesex Avenue were cut down last Wednesday - victims of the Dutch Elm Disease. Both were over 100 years old, and were landmarks of Wilmington.

At the right, near the utility pole, may be seen the stone which for many years bore the legend 'Nichols Corner' and was embedded in the tree which grew there. The stone was put up over seventy five years ago by Edward Nichols, the founder of the Nichols Funeral Home, and is now in the possession of Willis Lyford, present owner of the Nichols Funeral Home.

Mr. Larz Nelson, Editor
Town Crier
Wilmington, Mass 01887

Dear Larz:

The Members of the Board of Library Trustees wish to express their appreciation to the many individuals and groups who by their efforts and support at the recent Special Town Meeting have brought a new Town Library one step closer to reality.

We are indebted to former Trustees for their efforts which over a period of several years laid the groundwork and earmarked some of the problems which would be encountered. The continuous support of the Board of Selectmen and particularly the efforts of Chairman Miceli in resolving some of the site problems as well as the Finance Committee's expressions of confidence in

our planning were most reassuring to us.

Our thanks must also be expressed to the Town Manager and the Town Hall staff for their complete cooperation.

We are confident that under the supervision of the Permanent Building Committee, the Town will in the not too distant future open the doors of a new library building.

The Town Librarian Mr. Connors, joins us in these expressions of appreciation. We all hope that during the interim period of construction you will bear with the almost impossibly crowded conditions in the present library. We will make every effort to relieve these conditions by whatever temporary means are practical.

Very truly yours,
Board of Library Trustees

More About Your Servicemen

Bob Given, the boy who wrote the letter to the Town Crier from Viet Nam a couple of months ago, about how his job is to 'hunt Charlie' is home on a forty day furlough, and is looking the picture of health, other than a noticeable limp. He acquired that limp when a helicopter in which he was a passenger was shot down, a few weeks ago. Bob's leg was broken.

He will be going back to the same outfit, about the first of January.

George Sumner is now in Viet Nam, after having been serving in Germany.

John DeRose, who was in San Diego California, is now at Atsugi, the former Japanese Air Base near Tokyo.

And Bill Cawthron, who was noted in these pages as not being listed, a couple of weeks ago, is in the Naval Hospital, in Boston. He was visiting his folks, up in Hathaway Acres, and slipped on the front steps and broke his leg!

James Shine (Young Jimmy) of Grove Ave has been home for a week or so, and is now enroute to Little Rock, Arkansas, where he will serve with the 825th Strategic Aerospace Division.

TOWN MEETING (From Fr. Page)

Harold Shea, Superintendent of Schools, spoke for ten minutes. He started with a review of the history of the Willis-Harrington reports, and the legislation that led to the compulsory establishment of kindergartens in the towns and cities of Massachusetts by 1973, and legislation, he said, that led to the establishment of a Board of Public Education, a Board of Higher Education, and an Advisory Board.

It was these reasons, he said, why there were 'many things in this school'--gymnasium, classes for trainable children, classes for emotionally disturbed children etc.

There have been, Shea said, many changes and there will be many more in the next four years.

He warned that there would be only four extra classrooms in the fall of 1968--those in the Center School. 'If we continue to send youngsters to dilapidated schools, we are going to pay for it.'

Speaking of the future, Shea said, in regard to kindergartens and special classes the first thing the School Committee will have to do is to take care of our nominal enrollment, and at the same time, it must be prepared to take care of the additional (classes).'

Shea declared that the Wilmington School Committee had been very moderate. He said he had been asked a question - if he was going to threaten the town with double sessions, and the answer was no. But, he added, if there are to be double sessions now, the state law is that schools are to be open five hours, and that means one class from seven am to noon, and another starting at 12:30 pm to 6:00 pm.

Rene LaRivee wanted to know the impact on the tax rate. Charles Burt of the Finance Committee said the operating costs were up to the Superintendent of Schools. LaRivee then said he meant the construction, and Burt said 'about \$1 and a quarter', after which Callan said the town would be reimbursed 50% by the state.

Dick Barry of the Finance Committee rose. The Finance Committee's objections, he said, was not based on an inability of the School Department to justify classrooms. It was based on the comparison of the costs of the Woburn Street School and this proposed school. This school, with two more classrooms, was going to cost \$600,000 more.

Joseph Sottile: Each time I come to a Town Meeting, I'm troubled. We have built the North Intermediate School, the West Intermediate, and the Woburn Street School.--The issue is not Educa-

NOT MUCH ROOM UP FRONT: In the Town Meeting. Frequently the front rows of chairs are as empty as the front rows of pews in a church. The vote shown is on the Library.

tion, it is Brick, Cement, Windows and Wood. If those schools were good enough then, could we not have them duplicated? There was applause as he sat down.

Bob Michelson got up to explain. He discussed the meeting of a week ago Monday (reported in the Town Crier). He compared the Woburn Street School and the proposed Shawshen Avenue School, and declared that a price of \$25 a square foot was not too high, and that the Finance Committee had no quarrel with it.

Michelson also avoided the 10% annual increase in costs cited a week ago, and said that costs are increasing 5 to 5 1/2% every year.

Michelson also warned that the cost of bonds would be increasing, and that it may cost a similar amount, or more money, for a lesser school six months from now.

Allick Epstein was the next speaker. He was disturbed about the costs, and declared that 'we can build a school for less than \$30,000 a classroom'.

Referring to the PBC architect, Epstein reminded the town meeting that the first proposal for a library had been for \$880,000, and now there was a different architect, and the library was going to cost \$500,000 -- 'And that's my point!'

There was heavy applause as he sat down.

Michelson got up to say that in the 'outfit' where he works, the bids come in based on the specifications, and that a good estimator is one who can come in with

no more than 10% plus or minus of the bid price.

Joe Courtney, of the Finance Committee. The Finance Committee, he said, was not criticizing the School Superintendent, of the School Committee, or the Permanent Building Committee. It does not argue that something in education is too expensive or a luxury.

But, he said, it is difficult to understand the costs of the Woburn Street School, which up to this time has been the most expensive elementary school, and now there is the proposed Shawshen Avenue School, which is contending for those honors.

The thing that bothered the Finance Committee, Courtney said, was the enormous increases in size of such things as the kitchen, the boiler room, the maintenance rooms, etc. At the price of \$25 a square foot, every thousand square feet means another \$25,000, and janitors, and such employees need an additional 4000 square feet. That means an additional \$100,000 in cost of construction, and for every \$100,000 in construction, there is likely to be an additional \$100,000 in bond costs. Last week a town in a western state, with a Triple A rating, had to pay 6% for bonds, and Wilmington is a Double A town.

We are going to have to face up to the Operating Costs, Courtney declared, 'and if we can save a fraction of a million on construction, then we can save a fraction of a million on interest costs.'

Shea spoke again. In the Woburn Street School addition, he said, they didn't have to put in another boiler, and used existing kitchen and cafeteria.

His second point was that the schools had to do as they were in order to qualify for a nine-cent reimbursement for each hot lunch served. 'This is what the architect has to do.'

He agreed that there was a considerable increase in maintenance and storage space--'this is not the 19th Century--we should not have 19th Century conditions.'

'We cannot have 30 to 35 teacher--and no place to store books.'

'Criticism me all you want' he said, 'but please pass this school!'

Callan was the last speaker. He told the Town Meeting that if there were one half year lost, it could mean a rise of 5 1/2% in costs, on a yearly basis, or 2 1/2 to 3% for six months. 'To vote against the article--is a matter of false economy.'

The vote lost--188 yeas to 359 Nays.

Davis Farm

Article 5 also lost. It was a proposal to buy the 33 acre Davis Farm, off Glen Road. Discussion lasted only 11 minutes, and the vote was 400 against, and 22 in favor.

Joe Courtney of the Finance Committee told the meeting that there was not sufficient information, and although the Finance Committee was in favor of early acquisition of land, there should be an adequate appraisal of the land, and, secondly, a study of its potential utility. He recommended a later Town Meeting Article.

Mrs. Marion Boylen, former-

Heads Local Drive to Reduce Legislature

A drive to collect signatures on an initiative petition to reduce the size of the Massachusetts House of Representatives by one-third has been launched in Middlesex County.

The committee for a Modern Legislature announced today that Sen Ronald MacKenzie of Burlington had been appointed Chairman of the drive in that county. Anyone interested in signing or circulating a petition should contact Senator MacKenzie.

Provisions of the proposed constitutional amendment are Reduction in the membership of the House from 240 to 160, election of all representatives from single member districts, creation of an independent agency to redistrict both the House and Senate every 10 years in accordance with recent Supreme Court decisions and election of the 160 member House in 1974.

Business leaders, members of the academic community and thoughtful citizens have voiced concern about the inability of state governments to cope with the many urgent problems facing them. Citizens are looking for ways to strengthen state governments and, more specifically, state legislatures, so that these urgent problems can be investigated, debated and solved at the state level. The public confidence in the Massachusetts Legislature is no longer equipped to handle the tasks facing it.

Members of the Committee believe that our problems will not solve themselves and that action must be taken. The provisions of this proposed amendment are a reasonable first step in restoring our Legislature to its proper place in our government.

Nosey Nancy

Send your announcements to Nancy, Box 208, Wilmington, or call 657-7141, or after five, 658-4865. If I'm not there, I'll call you.

Hey, you folks are great! I understand from all of the enthusiastic participants that you really turned out for the Whists and Fairs this week. That's the way we like it fellas. Makes all this gal's effort worth it when you support stuff like that!

Don't forget your toy or donation to the Wrentham State School for Nancy Sullivan's project. There will be a box at Wilmington Ctr Pharmacy and also at the Depot. Understand that the K of C is donating something worth \$1 per member and also that the Kiwanis is helping, as well as the Lions. Great, boys!

For your after-Thanksgiving let-down, the VFW is having a Roast Beef Supper and Social on Sat nite the 25th at the VFW Hall. Social hour after dinner at 7:00 for \$1.50

per head. (Even Valley can't beat that price). This is open to the public, so let's go, folks!

Speaking of the VFW, we blooped again. Higgle didn't make those afghans at all, Nellie Thompson of Shawsheen Avenue did. She has made six she tells me. They are lap robes to be used in the wheel chairs, 48 by 48 inches. She needs some help too, so if you have yarn to donate, or can do an afghan or two, please call Nellie Thompson at 658-4886 and see if we can get a project going for those fellows that have done so much for us in VietNam and now need our help! Thanks, gals. You're getting with it right away, to fill in your after Christmas relapse, aren't you?

We hear that Gus Blaisdell has returned to his home on Swain Road after a three weeks sojourn at the New England San. He wants to thank you all for the hundreds of cards, and particularly the kids on the school buses who all knocked themselves out. He'll be returning to work on Monday if all goes well!

We had a note from the Woburn Branch of the YMCA stating that

the swimming classes for the boys and girls from 7 through 12 years of age are starting on Nov 24 again. For information, call Mr Branigan at the Woburn YMCA, 935-3270.

DAV Hospital Day in Massachusetts this year is Sunday, Dec 3 and the Wm F Tattersall Chapter No 106 is making plans for an after-dinner social for about forty Veterans from Bedford VA Hospital on Nov 29, so that the local members can visit a buddy on that day. All of the local members are asked to get in touch and join in to make this affair a success.

At the Nov 13 Meeting of the Kiwanians, Saul Fisher and Carl J Carreselli of the Wakefield-Lynnfield club were the visitors. Mr Roland Polhem was the guest.

Saul Fisher presented a money-making scheme--a Horse Show. Fisher said that this was a tried and true method of making around \$2,000. Carl rose to give the details of the two previous shows held by the Wakefield Club and on which they cleared over \$2,000.

Charles Bowman did a nice job on the attendance Board.

Carl Bachman gave a report on Fruit Cake Sales and urged every one to take orders for the next meeting.

Congratulations to Russ and Mrs Joseph on their anniversary Friday.

Guest Speaker was Mr Roalnd Polhem who talked about Space Photography. Roland is a native of Sweden and gave a run-down on the Swiss made camera used by our Astronauts. The camera is very simple and the photography unusually clear. Slides show were copies of the original by four generations of duplication, yet the images were spectacular. This same program was discussed after the showing for possible showing to the public at some later date for the Kiwanian Charities Fund.

On November 20, there was a dinner meeting only, and then it was adjourned so that the members could go to the Town Meeting.

Next Wednesday, Nov 29, the Walker School Mothers Club will have their Bargain Bazaar at the K of C Hall on School Street. This will commence at 8 p.m. and promises to be a great help for the Christmas Shopping. The Hall will be open from 1 to 4 in the afternoon and from 7:30 on so that any of you may drop off your items there at that time.

Their Open House and Coffee at School was a great success!

Bill and Carol Redler of 163 Lake Street are missing \$600 in money silver certificates and rare coins, we're sorry to say. They are offering a reward of \$50 for any substantial information, and they have told me to say that if any or all of the money is returned, they will not force any charges on the matter. Please see what you can do, folks. These are young people and this was partly their Christmas money.

We understand that due to the Open House at the High School and the terrible driving conditions last Thursday after the storm, attendance at the Diet Workshop was negligible.

The special offer they were giving of \$3 for re-registering on Nov 16th only is being extended to Thursday, Nov 30th. This offer will not be effective unless there is an attendance of at least fifteen.

If you large ones don't want to get slim and the quota of fifteen is not reached, then the classes will be discontinued until further notice.

All who plan to attend please call Mrs Goldsworth on Church St 658-4464.

The day of the storm found the Girl Scout leaders convention in Boston among whom from this town were Mrs Barbara Dayton Mrs Noel Fugere, Mrs Quinn, Mrs Charles Lounsberry, Mrs John Foley. Hear that they set up 1000 cots to take care of the overnight guests they had as a result of a storm and the rest were housed at the Y. This is really some service!

The Baldwin Neighborhood of Girl Scout Leaders are having a Greens Workshop on Tuesday morning, Nov 28 at 9:30 a.m. It will start with a coffee hour at 9:30 at the South Tewksbury Methodist Church at Rt 38 and South St in Tewksbury. Mrs Jay Herkleson will present the program and all adults registered with the Girl Scouts are invited.

Had a request this week to see if we are able to get enough interest to do something about the postage due to the boys in VietNam. Mrs DeNunzio had a request from her son for underwear, stockings, and towels, which she didn't mind purchasing for the \$30, but then on top of that it was \$5 for postage. So she called the office of Senator Edward Kennedy in Boston to find out if something could be done to cut the postage costs or for the things to be sent to the armed services duty free. She was told the only way it would work is for all of you gals and fellas to send a letter to Sen Kennedy stating that you would like this accomplished. So, with the pens, girls and boys. Tell Ted to do something about that!

Dick Bertrand is now of the US Navy and has been graduated from Basic Training at the Naval Training Center at Great Lakes. Dic is the son of Mr and Mrs Richard Bertrand of 120 Nichols St in Wilmington.

Don't forget! Open house at the High School on Wednesday, Nov 29 from seven to nine!

TOWN MEETING
(From Page Four)

IN FAVOR OF EARLY ACQUISITION: But not enough information, said Joe Courtney of the Finance Committee. Others in the picture (l to r) are James Tighe, Harry Stewart, Chairman Bruce MacDonald, Dick Barry, Charles Mather and Milton Bradford

Chairman of the Board of Health protested that there was too much rocky land, and too much swamp, and that the town should know what it is buying.

Article 6, a new Junk Car law, took three minutes, in which Town Counsel Alan Altman explained this vote was to clear up an earlier error, and Article 7 went through just as quickly--transfer of money in Welfare Department.

Article 8 was to approve or disapprove of the amount of debt (\$3,925,000) for the Shawsheen Valley Regional Vocational School. It took a few more minutes to pass, with Dick Thackerey speaking of what seemed to be hazy purchasing practices in similar schools. The vote was 443 for, and 30 against.

Articles 9 and 10 took two minutes each, 9 to vote for surveys and plans of drainage, and 10 to allow the Selectmen to accept easements for drainage. The Town Engineer moved both articles.

Article 11 provided some jollity on the part of the Moderator. The Town voted to rezone land on both sides of Route 62, in North Wilmington, to Residence A. Part of the map shown on a screen showed that Interstate Route 93 was a part of the area being rezoned. Moderator Cutter found this to be funny.

More Plans

While these articles were being voted Michelson of the PBC had been having a conference with the Finance Committee. Selectman Miceli, at 10:10 moved to reconsider Article 3, wholly for the purpose of providing money for additional plans for the Shawsheen Ave School. There were shouts of No!

Joseph Courtney stood up to say that the Finance Committee was favorable to a reconsideration and that the PBC must have money for more money, and Miceli added that the money was not for the school, but to revise plans.

Callan, four minutes later, was on the floor moving that \$4000 be transferred from Account 1132, (Wildwood School) for revised plans for the Shawsheen Avenue School.

It took only a few seconds to vote the \$4000.

Article 12 was another rezoning article, this time to rezone land on both sides of Nichols Street to 22,500 square foot lots. It was voted affirmatively.

Dog Leash Law

The Dog Leash Law was the reason many voters were present, and the arguments lasted 20 minutes, with the voters applauding the various speakers.

It was moved by Bill MacKinnon

of Moore Street, in a revised form. Among the early speakers was ex-Selectman Rene LaRivee, who declared that the 'moment you open a door you are going to have to put a leash on it (dog)'. An elderly gentleman from Burt Road said that in his neighborhood, there were 16 homes, 33 dogs, and seven children. 'Too many dogs belong to too few people.'

Some who spoke against the Leash Law received rude vocal treatment from some of the voters, but an exception was Justine W Burley of Evans Drive. Mr Burley was against the Leash Law, but his delivery was folksy, in the Will Rogers style, and he continued for five minutes, while everyone listened and chuckled. Speaking of his former home, before coming to Wilmington, he told the meeting 'I never saw so many spite fences made of chicken wire!'

The vote was at 9:44 p.m., 335 in favor and 211 opposed. A number of voters immediately left the hall, followed by cat-calls from those who stayed.

Motels

The arguments over the change in zoning by-law, Article 14, became involved with other subjects, and before it was finished, it was quite complicated. It was moved by Attorney Roland Wood, the Finance Committee approved, and so did the Planning Board.

After twenty minutes of wandering all over the field, the discussion was turned over to Chairman Danny Gillis of the Planning Board. The meeting accepted his word that they were getting 'the ultimate in protection, and a minute later the vote was made, 369 in favor, and 19 opposed.

YOUR Pharmacist SPEAKS

By Louie

Obese children are not fat because they overeat. The reason is they are underactive.

A detailed study of high school girls showed that obese girls - although they ate less, not more, than normal-weight 'controls' - spent two-thirds less time in body motion.

Inactivity is only one factor in the cause of obesity. Obesity in a young person is particularly serious, because fat children tend to become fat adults, and fat adults are more susceptible to disease.

With the aid of sound medical advice and certain prescribed pills, many people can be on their way to a thinner, healthier life.

Fill your prescriptions at Silver Lake Pharmacy. Bring home a lovely box of Whitman or Candy Cupboard Chocolates for the Holidays.

1967 Conference Champions

Wilmington 28 Tewksbury 0

Wilmington High School's 1967 Football Team clinched the Lowell Suburban Championship this morning, at Tewksbury, in the annual Thanksgiving Day tilt, by defeating an outclassed but gallant Tewksbury team 28 - 0.

The game was played in a steady downpour of rain - Wilmington's wettest game since the Veterans Day game with North Reading, eight years ago. A crowd of 3500 fans, present to watch the beginning of the game, had dwindled to 500 by the time the game was finished.

A new Lowell Suburban record was established by Mike Esposito, Wilmington freshman, when he kicked his 19th and 20th points after, in one season, during the Tewksbury game. The previous record holder, Arnie Hultzberg of Chelmsford, had a record of 19 points in one season.

THE FIELD IS NAVIGABLE: Declared Larry Cushing, Wilmington Athletic Director, in a personal test made in the fog, just before the game started.

CHEERLEADERS AT WORK: From beneath a protecting blanket, while others brave the falling rain, in the third quarter.

ESPOSITO MADE THE SECOND TD: In the second quarter, carrying the ball from the 40 yard line, after a pass from Wahl.

O'CONNELL IS TACKLED: By Tewksbury's Sheehan, in the second quarter.

COMFORTABLY SEATED IN A POOL OF WATER: Danny O'Connell watches the referee give the victory signal.

PARADING AS USUAL: The High School Majorettes lead the High School Band down a muddy field, in the Half.

FROM THE BOX SEAT

By the time you read this, Wilmington High should already have topped rival Tewksbury in the annual Turkey Day clash and in the process captured the Merrimack Valley Conference Crown.

Wasn't that intentional grounding penalty in the USE-UCLA Game a real bush call? It spoiled what had been a most exciting effort all the way.

Watch for Holy Cross to be the top Basketball team in the East this year. The Faculty (nee Bullets) team of the Men's Basketball League looks to be a more formidable outfit this year. Last season they were strong defensively and on the boards, but lacked the scoring punch. This year, they have the shooting and Coach Bob Mullarky will be looking to exploit it against the Bedell Insurers in the December 6 opener. Coach Bob, John Carr, Bob Roche, and Stan Reilly will be called upon to get the ball for the likes of last years' leading scorer, Joe Dye, and returning playmakers, Fran Nolan and Jim Demos. Strong shooting is expected from 'rookies' Al Stone, Len Gagnon, George Veloza, and Jim Gmelzar.

Town League ball for boys starts this Saturday at the high school. WHS hoop tryouts commence Monday under the watchful eye of new mentor Bob Roche.

Jackie Bowen's Wyoming Cowboys will be bowling it on TV again this year. LSU will provide the opposition.

Nev Shed will displace Rick Weltzman on the Celts roster when he gets the medical okay.

Howie Lafaver will serve as coach of the Fitzgerald Oilers (nee Newhouse Broncos).

That announcing combo of Helmsohn and Auerbach won't last long. They're too frank and accurate.

While job do you think Johnny Pesky feels is more prestigious, number one man at Columbus, or a stand-around with hands in pockets position as first base coach at Pittsburg.

A most promising career goes down the drain as Tucker Fredrickson lies abed with two scarred knees.

All gorey season long Mike Holovak has been claiming, 'Mistakes are killing us. This is a good team. Golly gee, I just don't understand it.' Now that the Pats are mathematically eliminated, Mike's latest quote is, 'Golly willikers, we need a whole new team!'

Where would the Bruins be without those trades? While on trades, come on Dick O'Connell, Haywood Sullivan and Dick Williams. Let's barter with some NL Clubs for a decent catcher and relief pitcher.

Did you happen to notice that Don Trull didn't block his receivers for his incompleteness, as does Alibi Vito, the Sweet Kentucky has-been.

John Rich, Ralph Zwicker, Tommy O'Toole and now Jackie Fullerton are among the boys from this town to get shot up in the war to keep our economy booming.

Since innocent blood is being spilled daily, let's drop an H-bomb on Hanoi to end this lunacy and then ask God's forgiveness for the innocent who are necessarily sacrificed.

FROM THE CHICKEN COOP

Kindly plant one uncleaned foot into my posterior for my foolishness while representing you with the other 500 on Monday night, Sports Fans. I negligently voted against a proposal to purchase Davis' chicken farm, to be utilized as a future school site. I did however, fail to consider the recreational potentialities of this tract of land, regarding it merely as a poor institutional location.

This terrain is ideally suited to that most popular of athletic pastimes, indigenous to the Southland.

It would require no renovations or installations, no artificial lights or equipment, no paid supervisors or uniforms, and no field maintenance. This area could provide Wilmington athletes, young and old, male and female, with a natural playground in which to participate in that Dixie Sport. Why, oh why, did I not vote for the article so that we too could emulate they who beat their feet on the Mississippi Mud for recreation.

Again, I'm glad the town's governors decided against purchasing the acreage for a school site, but how in Tom Sawyer's name could we have passed up a genuine mud hole?

Wilmington Loses 5-3

In Sunday's game at the Billerica Forum, the Burlington Bantams squeaked by Wilmington, 5-3, in what proved to be an exciting game.

At the end of the first period, the score was tied, 1-1, on a tip-in by Jim Irwin, with an assist going to Peter Tighe, and Burlington's goal being scored, unassisted by Bill Igo.

In the second period, Steve Neal made a solo rush and put a high one past the Burlington goalie, to put Wilmington in the lead, 2-1. A few seconds later Cote of Burlington tied the game, 2-2. Then, Ray Bicknell banged the puck in, from a scramble out in front of the net, with an assist going to Jim Irwin.

The lead was short-lived as Burlington came up with two goals, one each by Igo and Lynch. Burlington put the icing on the cake in the middle of the third period with a goal by Ranger, unassisted. Jim Bransfield played a fine game in the net for Wilmington. Another defensive star was Jim Irwin, who was all over the ice, breaking up offensive plays.

Wilmington plays again on Sunday Nov 26 at 7:03 p.m. at the

Billerica Forum with Woburn being the opposition. This game promises to be as exciting. Don't miss it! There's no charge for admission.

And 'The Battle Hymn of the Republic'

WEDNESDAY'S MEETING OF THE ROTARY CLUB WAS THE Biggest Ever, with a total of 144 persons eating, in the North Intermediate School.

The football teams of both Tewksbury and Wilmington were the guests of the Rotarians, and they were set to vying with each other in singing Rotary's No. 1 Song - R-O-T-A-R-Y.

The last song was both patriotic and for Thanksgiving - 'The Battle Hymn of the Republic' by Julia Ward Howe.

TOWN MEETING (From Page 7)

the Dog Leash Law be reconsidered at this point. Many had left the meeting, and there were audible reminders from those present of how the Fire Department had lost a vote once, under such circumstances, but there were still enough Leash Law proponents present, and the vote to reconsider was lost, 254 to 103.

Wood proceeded to Article 15. Opposition was voiced by Walter McNamara of Kenwood Avenue, and Wilson Belbin of Woburn Street, but the big opposition to the rezoning of the land at the corner of Woburn and Lowell Streets came from Mrs William G Hooper, formerly of Strout Avenue, but now of Marcia Road.

Mrs Hooper referred to a previous statement by Wood, about a 'package deal' - motel and gas station, and told the meeting that there were already 17 gas stations in town, and this would be the 18th. She had a chart ready to display to the audience.

'This is a packaged deal - no gas station - no motel. It will mean that we will have to come back and rezone the land back to Single Residence A.'

Mrs George Simmons, also of Strout Avenue, wanted to know how the Selectmen felt about issuing a gas station license. Chairman Miceli ducked - 'I'll cross that bridge when I come to it.' Selectman George Boylen said that he considered a vote for rezoning to also be a mandatory vote for a gas station, and Selectman Paul Niles said that in his opinion, at

this time, he was opposed.

Wood told the meeting that the firm that was proposing to build the motel was Gilman, Inc. of Danvers, an industrial corporation associated with the Bursaw Oil Company of that town.

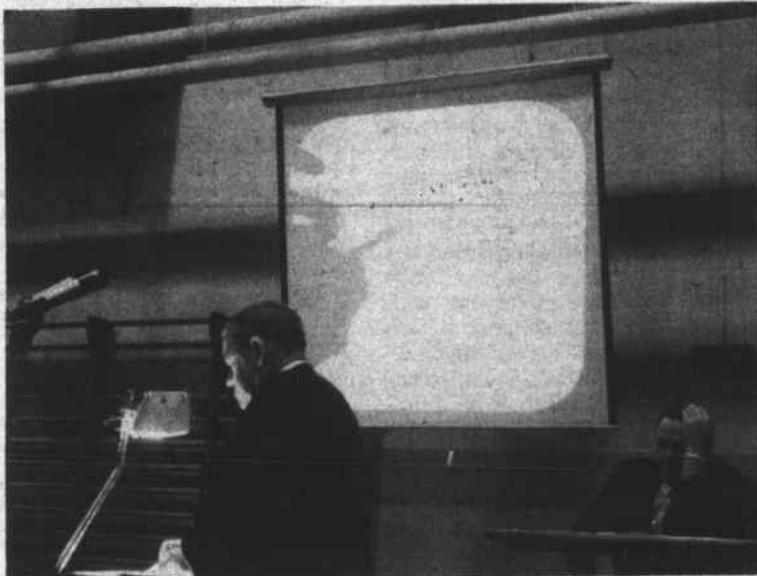

The vote on rezoning the land at Woburn and Lowell Streets came at 11:32 p.m. 220 were in favor of rezoning to General Business and 108 opposed. The Moderator

declared the motion carried.

Article 16, which proposed rezoning of land between Middlesex Avenue and Concord Street was withdrawn.

Article 17, in which the publisher of the Town Crier sought to buy some town owned land behind his office, the former North Wilmington Railroad Station, took only a few minutes.

The vote, by standing vote as had been all the others, was 282 in favor and 4 opposed.

AN OVERHEAD PROJECTOR: Was an innovation to the Town Meeting of Monday evening. The property of the School Department it projects transparent pictures, maps, etc. onto a screen for the audience, but is puzzling to users for the first time, because of the 'mirror' set up. Danny Gillis, of the Planning Board, is shown trying to show what he means, on a map. The map did not photograph, but the shadow of his hand is clearly visible.
